Office of Governor Susana Martinez

Dear Governor Martinez:

Please accept my resignation from the University of New Mexico Board of Regents.

I am grateful to have had the opportunity to serve my alma mater for nearly twenty years, and to have been able to contribute in various leadership roles to work to make our state's flagship university an even more nationally recognized center of academics, research, medicine, and athletics. The Lobo tradition is such an important part of our state's culture, and I am humbled and proud to have been a part of this legacy.

Thank you again, and Go Lobos!

Sincerely,

A handwritten signature in black ink that reads "Jack L. Fortner". The signature is written in a cursive, flowing style.
